## THOUGHT and COMMENT

### BIG BUSINESS

There is a new thought about business, a thought due to a fundamental change in business itself in the last decade or two. Henry Ford expressed it when he declared out of date the reasoning of the once common expression that no man could make a million dollars honestly. "That is no longer true," said Ford, "because it has been found that it is easier to make money honestly than to make it dishonestly."

The new thought about business was admirably expressed the other day before the Economic Club of New York by W. E. Humphrey, a member of the Federal Trade Commission:

"I express the faith of the majority of the commission as it is composed today, when I say:

"We do not believe that success is a crime.

"We do not believe that failure is a virtue.

"We do not believe that wealth is presumptively wrong.

"We do not believe that poverty is presumptively right."

"We do not believe that industry, economy, honesty and brains should be penalized.

"We do not believe that incompetency, extravagance, idleness and inefficiency should be glorified.

"We do not believe that big business and crooked business are synonymous.

"True we will give closer scrutiny to big business than to small business, because of its greater power for good or evil.

"We believe that 90 per cent of American business is honest.

"We believe that 90 per cent of American business is anxious to obey the law.

"We want to help this 90 per cent of honesty.

"We want to control or destroy the 10 per cent that is crooked.

"In this endeavor we want your help. We hope to deserve it.

"This was a semi-official utterance by a member of the Federal Government. But it does not need that appearance of authority to be taken as an expression of the viewpoint of the administration concerning business. While the Sherman act, the Clayton act and the Federal Trade Commission still stand they are no longer in the attitude of penitentiary guards watching over a criminal business. They are rather in the attitude of helping a majority of honest business protect itself against a minority of evildoers.

"That has been brought about by business itself learning that the straight road is the road to most profit." (San Francisco Chronicle.)

# BRITISH GOVERNMENT AND UNION LABOR TO FIGHT TO BITTER END CONVICTS KILL DEPUTY WARDEN IN JAIL BREAK

## SEVEN ESCAPE FROM JOLIET IN DARING PLOT

Two Prison Attaches are Kidnapped and Handcuffed to Tree by Escaped Convicts

(By Universal Service)  
JOLIET, Ill., May 4.—A northern Illinois tonight to capture seven convicts who escaped from Stateville prison today after killing Deputy Warden Peter M. Klein and kidnapping two prison attaches.

The kidnapped men were found handcuffed to a tree near Morris, Illinois, late today. They are John Keely, a guard, and a trusty named Cassidy. They had been chained to the tree shortly before noon and were exhausted but otherwise uninjured.

Keely said two of the convicts left the automobile in which they had fled at Morris while their five companions continued on southward.

Judge C. H. Jenkins, director of the Department of Public Welfare, accompanied by Will Cohn, Superintendent of Pardons and Paroles, and other members of the parole board, arrived here from Springfield tonight to start an investigation.

The seven convicts, it was learned tonight, had been called before Deputy Warden Klein in his office for discipline. John Keely, the guard, remained at the door, Cassidy, the trusty, was nearby.

Acting apparently on a pre-arranged plan, the convicts pounced upon the Deputy Warden, striking him down and thrusting a knife in his back. Keely and Cassidy were quickly overpowered.

The wounded warden was thrown into a solitary confinement cell.

## STANDARD OIL NEW BANK WILL PAVING STARTS COST \$250,000

Work on the widening and paving of Standard avenue from Scott field avenue to the laboratory of the Standard Oil Company will begin today when the engineering department of the city will stake the roadway preparatory to beginning construction. The actual work will probably begin the latter part of the week or the first part of next week, according to an announcement made yesterday afternoon by City Engineer E. A. Hoffman.

A triple agreement was signed by the city, the Standard Oil company and the Key System Transit company several weeks ago making possible the improvements, which have been badly needed. The roadways will be widened and will be opened to traffic on both sides instead of only one side as was formerly the case.

A conference was held yesterday by City Engineer E. A. Hoffman with the Standard Oil company and the Transit company in regard to the improvements proposed for Western Drive near the Standard Oil plant on the way to the Richmond-San Rafael ferry. The Transit company has agreed to move its fence as announced at the last meeting of the city council, and the City Engineer stated that he believes that the Standard Oil company will agree to move a pipe line which now prevents the proposed improvements. He declared that both companies will be put to considerable expense in removing their property.

## EXPANSION OF AIR SERVICE IS AUTHORIZED

House Approves Bill Calling For an Expenditure of \$150,000,000 in Five Years

(By Universal Service)  
WASHINGTON, May 5.—Without a ripple of opposition and in less than two hours critics of the nation's air defenses, another bill providing the money must be passed before the improvement can actually be started.

As this measure merely "authorizes" such a development in line with demands by Col. William Mitchell, chief of the military aviation, the House today approved a bill authorizing a five-year program of expansion for the army air service to cost about \$150,000,000.

With President Coolidge appealing for rigid economy and a deficit in the Treasury already said by him to be in sight during the next fiscal year, prospects of such an appropriation were declared to be very dim.

A considerably modified program might get through, provisions in the bill that do not call for money expenditures can be put into effect.

Authorization was given in the bill passed today for:

To purchase 2,500 new airplanes to be built in five annual installments, at a total cost of \$75,000,000.

An air service of 1,650 regular army officers, 650 reserve officers on active duty, and 15,000 enlisted men, including 650 flying officers and 6,240 enlisted men.

The name of the "service" is changed to the army air corps, under command of a major general, with three brigadier generals as assistant chiefs. There is today only one assistant chief, having the rank of brigadier general.

Provision is made for every officer in the army to obtain experience in aviation through a system of rotation of service in the air corps.

Direction is given in the bill to the Secretary of War to investigate the facilities which exist in the promotion list of the army and to submit to Congress next December a report on the situation.

Establishment of an air division in the general staff is provided.

To encourage development of commercial aeronautics, the Secretary of War is authorized to make available war department facilities for aviation and to cooperate with the owners of commercial aircraft.

The President is authorized to establish military areas in which private aircraft shall not be allowed to fly.

Unification of the military and navy air services by a new department of national defense was urged by Representatives James of Michigan, Laguardia of New York, and McSwain of South Carolina, as "the only way to attain 100 per cent efficiency in organization."

**Freak Hail Storm Hits Red Bluff**

The sheep stampeded and were drowned in the rushing current.

Several small orchards were stripped of apricots and peaches while other orchards distant a quarter of a mile were untouched.

Several hundred turkeys in this section were killed by hail and beating rain.

## Unions Issue Newspaper in Great Britain

(By Universal Service)

LONDON, May 5.—The official newspaper of the unions to give the strikers the news of the big conflict, made its appearance at 10:30 this evening on London streets.

"The British Worker, Official Strike News Bulletin," is the name of the publication which is an eight page paper printed by authority of the trades union congress. The leading article says:

"The response of the workers has exceeded all expectations. They have manifested their determination and unity to the whole world."

"They have resolved that the attempt of the mine owners to starve 3,000,000 men, women and children into submission shall not succeed."

**NORGE ENROUTE TO NORTH POLE**

(By Universal Service)

LENINGRAD, May 5.—The dirigible Norge is on its way to the north country to pick up Capt. Amundsen and Lt. Nansen, Ellsworth and King, Bay for the flight across the North Pole.

Leaving Leningrad this afternoon, the Norge headed for Onega Lake slightly east of north from Leningrad and at 5:30 was reported by radio as having passed the Petrosavodsk on the shores of that Lake.

A little later another radio dispatch said that the Norge was passing the northern end of the Lake. More than 300 miles from the starting point here, the Norge met with a strong head wind and was forced to reduce her speed below forty miles per hour.

It is expected that the airship will reach Spitzbergen soon after daylight Thursday. The messages by radio were addressed to Col. Nobil's secretary, Blauti, who has remained here.

With the getting away today of the Norge on the next to the last leg of its scheduled flight over the top of the world to Point Barrow, Alaska, there is revived hope that the base of King's Bay will be reached in time to start the Polar crossing before the unfavorable weather sets in to prevent the trip this year.

The delay at Leningrad, where the big dirigible has been moored for more than a week was caused by trouble in completing the mooring mast at King's Bay where the next halt is to be made to take on Amundsen and Ellsworth together with additional equipment and supplies.

It is regarded here as essential that the final hop off must be taken by Sunday at the latest if the expedition is to be successful this year.

Officials of the company declined to make any statements other than that Potter had resigned and that Birks was now acting manager. The work on improvements at the plant will continue and will in no way be affected by the resignation, he officials stated.

Potter has been with the company for more than twelve years and was instrumental in building up the manufacturing company to the strong basis it now occupies.

He joined the Pacific Sanitary and the Western States companies in 1912 and later when they became consolidated with the Standard Sanitary Manufacturing company, he became manager of the new firm.

**Entire Nation Feels Effect of Strike Which Threatens to Continue in Its Scope**

(By H. H. STANSBURY)

LONDON, May 5.—The struggle between British Capital and Labor which has paralyzed the nation's business, went into a deadlock tonight that forebodes a bitter end fight.

Premier Baldwin announced in Parliament that no move for peace would be entertained until the general strike order is rescinded. Labor answered it would carry on and broaden the field of conflict; until the coal miners are granted wages to permit them to enjoy the basic human comforts.

The coal mine owners are now completely out of the picture. The struggle is between the government and union labor.

At a conference between the foreign associations and the leaders of the trade unions congress, yesterday, the claim was made that the strike was growing beyond all expectations.

During an acrimonious debate in the House of Commons, which was witnessed by the Prince of Wales and the Duke of York, there was a suggestion that parliament's actions and former Premier Lloyd George delivered a vigorous warning against such a drift, recommending that the conservatives forget their party ties and act for the nation.

Added to the gloom of the economic situation, London was today visited by one of the worst frosts experienced in the month of May in recent times. Rain also fell.

General idleness outside of the ranks of the unions is reported from all sections of the country. Acts of violence are growing in number but serious casualties are few.

Late today the police in the India Dock district of London, armed with 4,000 strike clubs, were dispatched through the street's to guard motor trucks labelled "food."

London's street conditions are still greatly confused, with traffic moving at a snail's pace. Business houses are requiring only the essential workers to report regularly and are housing their vital staffs at the nearest available quarters.

The Fleet Street News workers are nearly all quartered at a hotel close by as they are required to work "the clock around" owing to the unusual lack of facilities.

Troop movements continued throughout last night and today but as yet the soldiers have not been employed to quell disturbances in the capital.

The attempts of yesterday to interfere with private transportation, which were concentrated in the eastern section of London, today spread to the western parts of the city.

Hammersmith Broadway, which leads to the western and southwestern suburbs, was the scene of ugly conflicts, strikers stopping non union buses, dragging off the chauffeurs and wrecking the engines. Strikers also held up large numbers of private automobiles and removed the spark plugs.

In the course of one hour the police made fifty arrests.

At Leeds a thousand strikers attacked volunteers attempting to run street cars. Several passengers were injured.

## GOOD CAST IN JUST SUPPOSE AT RICHMOND

Richard Barthelmess has surrounded himself with a strong supporting cast in his colorful picture "Just Suppose" now showing at the Richmond theatre. His leading lady is the captivating Lois Moran, who has made such a tremendous hit in "Stella Dallas". She is said to be the screen's youngest leading lady, being but sixteen.

Barthelmess plays the part of Prince Rupert. Princes have paid as well as ordinary folks, and Prince Rupert's part in "Just Suppose" Toni, is entrusted to the able hands of Geoffrey Kerr, who played the role of the Prince in the A. E. Thomas stage hit "Just Suppose", upon which the film is based. Henry Vibart, an English actor of long and capable experience, plays the part of General Baran Karnaby. He is familiar to the American motion picture public for his previous film work.

The part of the Crown Prince, the brother of Prince Rupert, is portrayed by Harry Shrot, who played with Dorothy Mackall in "Mighty Lak a Rose". He played in "New Toys" and has had a varied screen and stage experience.

Other features on the same program include "Don't Pinch," a Bobby Vernon comedy; "Prizma," the screen magazine.

## Building Permits Issued Yesterday Totalled \$13,180

Building permits issued yesterday by City Building Inspector E. E. Grow totalled \$13,180. O. R. Ludwig secured a permit to erect a steel service station on the south side of Macdonald avenue between Fifth and Sixth streets, costing \$4,200.

A permit was issued to N. E. Anderson to erect a one-story cottage on the south side of Roosevelt avenue between Twentieth and Thirtieth streets, costing \$3,300. Charles E. Little secured a permit to construct a one-story cottage on the west side of McLaughlin street between Barrett and Roosevelt avenues, costing \$2,500. J. Falcini was issued a permit to build additions to a one-story cottage on the west side of Sixteenth street between Wright and Hermann avenues, costing \$2,000.

Minor permits issued included a one-car garage for A. E. Neudham on the east side of Forty-first street between Barrett and Roosevelt, costing \$150 and a one-car garage on the west side of Thirtieth street between Nicholl and Richmond avenues, costing \$30.

The injured man was brought to Richmond in a Bert Curry ambulance and is now in the Cottage hospital.

The picture ends with a surprising climax, because, instead of having everyone made happy with the usual final close-up of a united family, we find that Director Brenon has adapted the original ending used in the stage hit. Aud Conway Tearle, Alice Joyce and Clara Bow; all of whom are starred. Brenon has produced a highly creditable film.

"Wandering Papas," a Clyde Cook comedy, and novelty short reels complete the program.

Police Judge C. A. Odell yesterday fined S. Z. Davis of Richmond, \$50 and gave him two years suspended sentence of thirty days in jail on a charge of reckless driving. According to the arresting officer, who stated that he was driving 58 miles per hour, trying to capture Davis, the latter was going considerably in excess of that amount. The arrest was made on Macdonald avenue, east of Twenty-third street.

## Queen Orders Long Dresses Worn in Court

(By Universal Service)  
LONDON, May 5.—Court dresses this season must be no more than five inches from the ground in order to win Queen Mary's complete approval.

There has been no official fiat governing the length of skirts, though word has gone around to the Court dressmakers to keep the knees of debutantes well draped. Eighteen inches from the ground is the common length for ordinary wear in London society, but the general practice of Court dressmakers this season is to keep the hem of the skirt within nine inches of the ankle.

Special arrangements are being made for American debutantes to obtain sketches of approved fashions from the Lord Chamberlain's office for their guidance, though most of them will be content to place themselves in the hands of recognized Court dressmakers.

## Funeral Rites For Infant Held

Funeral services for William Remo Rossi, infant son of Mr. and Mrs. John Rossi of 197 Cypress avenue, El Cerrito, were conducted from the Catholic church in El Cerrito yesterday afternoon at 2:30 o'clock.

The child was eighteen months of age and was the nephew of G. Rossi, Angelo Rossi, John Moratti, Mrs. Rose Moratti, Marie Moratti, all of El Cerrito, and Peter Rossi, of Italy.

Gomez Funeral Rites Are Held

Funeral services were held in the Catholic church in Rodeo yesterday morning at 10 o'clock for Alvin Gomez, of Torrey, who passed away in a local hospital last Sunday. The remains were shipped to Rodeo by the Bert Curry funeral service and interment was in St. Joseph's cemetery.

Gomez, who was a native of Mexico, resided in California during the past twelve years. He is survived by a widow, Mrs. Andre Gomez, and eight children.

## MOTHER SHOWS FAMILY HOW TO REALLY STEP

It's not very often that the much looked down upon, lowly movies produce something which everyone seems to like. Yet a capacity house at the California theatre yesterday greeted "Dancing Mothers," the new Paramount picture with a hearty welcome.

"Dancing Mothers" is unique in that it is exactly like the Broadway play from which it was adapted. Usually, when the scenarist has finished chopping a good play to bits, the finished product is mighty hard to recognize. But here we have the identical play that was such a hit in New York, with the missing lines amply replaced by clever sub-titles, and the original action supplemented by much that could never possibly have been done on a stage.

The picture ends with a surprising climax, because, instead of having everyone made happy with the usual final close-up of a united family, we find that Director Brenon has adapted the original ending used in the stage hit. Aud Conway Tearle, Alice Joyce and Clara Bow; all of whom are starred. Brenon has produced a highly creditable film.

## Japanese Govt. Proposes a New Monetary System

(By Universal Service)

TOKIO, May 5.—Reform of the monetary system of Japan is proposed by the Department of Finance, which has asked the Diet to appropriate \$30,000 to defray the expense of a thorough investigation of the nation's banking methods.

The principal object of the Finance Department is to create in Japan a more flexible reserve system, after the pattern of central banks in other countries. Lack of connection between the central bank and other financial institutions of the Empire is held to be a weakness of Japan's banking system. Due to this weakness the Bank of Japan has little influence in setting the monetary rate or in regulating the influx and efflux of funds into and out of the country. The result is that there is really no open discount market in the financial centers of the country.

In the matter of reserves deposited with the Bank of Japan by banks throughout the country it is the belief of bankers that such reserves should be increased to give greater security to depositors and financial circles generally. At the present time the reserves on deposit with the central bank do not average more than 1 1/2 per cent of the total bank deposits. This is in sharp contrast to the 6 1/2 per cent required by the London Clearing House Association Banks and the 7 per cent required by the Federal Reserve Bank of the United States. Various other changes, including a revision of regulations governing the issue of paper money, also are contemplated.

### BILL STORIE, STAR QUARTER MILER IS HURT

STANFORD UNIVERSITY, May 5.—Stanford's chances for a mile relay world's record in the San Francisco P. A. A. meet Saturday took a decided drop today, when it was announced that Bill Storie, star quarter miler, sustained an injured muscle yesterday in practice. Storie, who was counted upon to turn in a 440 under 49 seconds, pulled up lame after a trial hundred with Jackson Sholtz, champion sprinter, and Babcock, Storie's teammate. His condition is not serious but it is feared that he will be unable to appear Saturday when Stanford attempts to set a new record in the mile relay.

### LARGE CROWD WATCHES THE OPENING GAME

The Mechanics went home last night singing "Everything is Hotter Today Now." An why shouldn't they? After playing six innings and a half last night they defeated the All Standards willow welders by a score of 4-3 in a wild and wooly game.

This was the opening game of the season with a crowd of approximately 3,000 fans gathered to see the battle.

The opening ceremonies consisted of the Standard Oil band rendering the national anthem: "The Star Spangled Banner" while the flag was raised. Then Bob Ogborn stepped out to the pitcher's box and tossed Ed Gray an out-in curve which, by some miracle, Gray captured.

Then the fun began. The first inning proved the downfall for the All Standards for this time the Meek-nicks gathered two runs; the third inning was not so good for at this time "Pop" Arlett stepped up and slammed the first homerun of the season. It was a beauty and it cleared the left field fence by yards. This brought the score up to 3 to 0 for the Meek-nick and it seemed as if they were now settin' pretty. But not so, Jeremiah, the sixth inning was yet to be reached and at this time the All Standards threatened to get peeved and turn the tables. At this time the Standards braced up—knocked Kersten out of the box and walloped five hits from him, and Koegler, who replaced him. Three runs were gained this inning and the fans settled back, awaiting for a long game. But in the last of the sixth inning two hits and an error for the All Standards proved their undoing for Tod Murray was forced home breaking the tie.

In the seventh the Standards tried their best—but no runs. Thus the game ended. Play by play for each inning was as follows:

### FIRST INNING

### EXCITING BOUT IS EXPECTED

Frankie Farren and Eddie Sylvester are in great physical condition for their six round encounter in the main event of the Richmond Athletic club's boxing card here tomorrow night. The boys are expected to furnish the greatest lightweight bout ever seen in Richmond, with the exception of the Battling Nelson, Ad Wolgast title bout that took place here in 1910.

Young Pancho Villa will meet Paddy Wheeler in the six round semi-main event of the evening. The boys are fast flyweights. Wheeler is from the stable of Alec Gregains and he is taking the place of Frisco De Vera, who is sick. Wheeler is reported to be a better boy than De Vera so the card will be strengthened rather than weakened by the substitution.

Three good other bouts round out the card.

### ASKS DIVORCE

Alleging cruelty, Mrs. Hattie Engles of Richmond yesterday filed suit for divorce against Edward Engles. Will S. Robinson is attorney for the plaintiff who seeks the custody of two children and \$75 a month alimony.

Call Bladder Troubles Gone!  
To Whom It May Concern:  
For over a year I had trouble in my gall bladder, pain on my right side, vomiting and a general rundown condition. On February 23rd of this year I had an attack of appendicitis, the pain of which was so severe, that I could not sleep at night. I came to see the Chew & Chew Herb Co. and after taking one dose of herbs I was greatly relieved. I continued to take the herbs for a few more weeks and I am all well now. March 14, 1926.

## Ladies of G. A. R. Present Gavel to Senator Sharkey

A gavel made from wood of a maple tree growing on the Civil War battleground at Fort Donelson, Tenn., was presented to Senator Will R. Sharkey of Martinez by the Ladies of the Grand Army of the Republic. The presentation was made by Mrs. Anna-belle Jarvis, past president of the society.

Senator Sharkey was instrumental in securing the passage of an appropriation of \$200 in the last session of the state legislature for the purpose of constructing a marker in the capitol grove in Sacramento. He sponsored the bill requested by Mrs. Jarvis and on May 1, the Ladies of G. A. R. dedicated the marker with elaborate ceremonies.

The senator was unable to be present at the ceremonies, although stated to deliver the principal address. The gavel was sent to him in appreciation of his work for the society.

## Derailed Street Car Holds Up Traffic

Passengers on an Oakland-bound street car received a shock yesterday afternoon when a trailer which was being switched from the car barn on Macdonald avenue jumped the track. No one was injured but traffic along Macdonald avenue east of the subway was blocked for some time until the employees of the transit company succeeded in getting the car back on the rails.

As is customary during the rush hours, a trailer was connected to an Oakland-bound car carrying a number of passengers and the cars had just switched on the Macdonald avenue east of the subway when the trailer jumped the track. The back trucks also jumped the rail and for a time it looked as though the trailer would turn over. Passengers were transferred to another car while the employees worked on the derailed car.

(Continued from Page 1)

Seven thousand persons at Stoke-On-Trent the center of the potteries area, attempted to halt vehicular traffic and threw stones through bus windows.

At Burton-On-Trent an attempt was made to wreck a milk train. Hundreds of other reports received in London this evening dealt with minor conflicts.

The government, in broadcasting news of the situation late this afternoon, however, denied that there had been any serious "disturbances."

The movement of food supplies today was reported to be in greater volume than yesterday. The government claimed there had been a distinct improvement in rail-road service throughout the country although no regular schedules were attempted.

The liner Leviathan from New York, with 1,300 passengers, including many persons prominent in public life, is due to arrive at Southampton Friday. The United States line officers here announced today that arrangements had been made to convey the passengers and their baggage to London by motor coaches, but it is anticipated that all, except those with urgent business in England, will disembark at Cherbourg.

The various steamship lines reported an unprecedented rush of bookings for New York.

The government announced this evening that half a million men and women and volunteered for essential services during the past twenty-four hours.

A scientific indication of the acute situation in the British Isles was the action of the parliament of northern Ireland passing an emergency act today, authorizing the rationing of food and fuel.

"The British Gazette," the government's emergency news distributing organ, will be published tonight from the government's printing works.

Most of the regular newspapers are preparing to issue condensed sheets made up by non-union labor.

The home secretary tonight had a ban on a mass meeting which the communists proposed to hold in the heart of London.

## CORONER HOLDS TWO INQUESTS

Death caused by lobal pneumonia, natural cause, was the verdict of the coroner's jury as to the death of Frank Laura, who was found dead in his room at a private house in Martinez a few days ago.

In the case of the death of Joseph Parantino, who was killed by a truck at the Shell Oil plant on April 23, a verdict of death caused by shock from injuries sustained was returned. The coroner's jury was unable to fix the responsibility for the death.

## Local Women are Tried for Flirting At '49 Celebration

Mrs. Chloe Barry and Mrs. Mae Matas, were arrested last night charged with flirting with Chan Williams. When brought before the judge, Williams denied the charge and the women were freed. But the judge fined Williams \$30 for perjury and Williams gladly paid the amount rather than be locked in the calaboose.

But it wasn't real. It happened at the '49 celebration, being staged at Tenth street and Macdonald avenue by the Redmen. The charges weren't real. The money wasn't real. Neither was the judge nor the cop. It is merely a part of the many things in the big tent.

There's a roulette wheel, dice, cards, games of chances and all the gambling devices known to the iniquitous, operating under the very eye of the police.

Circus stunts have been provided for the edification of the throng. Charleston dancers, a strong woman, who bites nails and horse-shoes and a tight-rope act, offering all the thrills of a big show, are given nightly in the big tent, where the "Slippery Gulch" celebration is being staged. No money is used at the various gambling concessions, but paper money is sold at the doors.

## Seven Escape From Joliet In Daring Plot

(Continued from Page 1)

The door locked and the key thrown in through the bars.

An hour after the attack and after the convicts with the two prison attaches had fled, the Deputy Warden was found lying in the cell. Prison locksmen worked more than an hour before gaining entrance to the cell. By that time Klein was dead.

The convicts were all from Chicago, serving long sentences for murder and robbery. If captured they are expected to be charged with first degree murder for the death of the warden and will face the gallows, they are:

Robert Torres, life for murder.  
Bernard Ross, life for murder.  
Charles Shade, life for murder.  
Greg Rizo, ten years to life for robbery.

Charles Duschowski, 25 years for murder.  
James Price, 10 years for robbery.

Walter Stalesky, ten years to life for robbery.

An automobile owned by Warden John L. Whitman was used by the convicts in their flight. To gain the automobile they marched out of the Deputy Warden's office, and over a quarter of a mile without being molested. Other guards saw them but did not interfere because Keesley, the guard, was with them.

They forced Keesley to give the "all well" sign as they fled past.

Once fairly outside the prison they secured the automobile and drove southward. They did not drive at an excessive speed, fearing it would attract attention.

Scores of prison guards were tonight patrolling the highways in automobiles hoping to overtake the convicts. The guards were augmented by every sheriff and deputy in the northern counties of the state.

### Free Help

To millions who needlessly suffer Here is a new help—a new discovery—which physicians are prescribing now to millions.

It is a gland secretion derived from Beef Livers. It stimulates the liver quickly, multiplies the flow of bile. Modern research proves that cathartics never do that.

Bile floods the bowels, keeps them open. The results come over night.

Bile combats the bowel germs which feed poisons to the blood. It is an antiseptic. Stopping those poisons corrects countless ill conditions.

Bile is a digestant. It corrects bowel indigestion. Learn what it means to you—for constipation, for impure blood, for indigestion. The results will amaze and delight you.

Dioxol tablets embody this liver gland secretion. Each tablet represents ten drops.

"Clip this advertisement. Take it to our Special Agent, La Moine Drug Co., and he will give you a liberal sample of Dioxol free."
